I am a 4th year student seeking a career in the intersection of technology and international affairs — specifically focusing on American national security. I have extensive foreign travel experience and an affinity for languages — especially Mandarin Chinese and Hindi. I hope to use both my technical quantitative background and my training and experience in building strategic international partnerships to conduct analysis and inform policy.

EXPERIENCE

Cyber Threat Analyst, US Government; Washington, DC 2018-present

Conduct cyberthreat analysis from South Asian threats ; produce written products for government clients.

Global Ties, SF, Subsidiary of NorCal World Trade Center; San Francisco, CA 2017

Worked directly with and execute State Department's International Visitor Leadership Program. Assisted with the coordination of events for foreign delegations and provided cultural and language translation assistance.
